TREE FOR ALL: Myriad Gardens' Tree Giveaway and Sale Presented by Cox Communications

Saturday, November 3, 9am-Noon

Oklahoma City, OK - Tree For All, the Myriad Botanical Gardens tree giveaway and sale event, is back for its second year! Presented by Cox Communications, the first 100 patrons in line on the day of the event will receive a FREE Eastern Redbud, which is Oklahoma's state tree. Register online at myriadgardens.org.

Trees are available for \$12 for members and \$15 for nonmembers with a limit of two trees per household. Trees come in 3-gallon containers and can be up to 7 feet tall. All trees are Oklahoma Proven® varieties that perform best in challenging climates. Guests are encouraged to bring a wagon for transporting trees to their vehicle. Participate in free educational workshops on how to plant and care for your trees, which will be essential in maintaining plant health. A variety of booths and vendors will be on hand for you to visit. Special thanks to our presenting sponsor Cox Communications, along with the Tree Bank Foundation and Cedar Valley Nurseries.

SCHEDULE:

- 9am: FREE tree giveaway: First come-first serve basis to first 100 patrons.
- 9am to Noon: Tree sale & pickup.
- Kid's Tree Walkup: Fun activities for kids!

Sun requirements: Full sun

Autumn Blaze Maple®

Acer x freemanii 'Jeffersred'

Height & spread: 40'-55' by 30'-40'

Sun requirements: Full sun to part shade

The Myriad Botanical Gardens is one of Oklahoma City's most beloved public spaces, offering its visitors a 15 acre natural escape in the very heart of downtown. A half-acre children's garden, an off-leash dog park, restaurant space, splash fountains, and paths for walking and jogging provide guests young and old with a place to seek solitude with nature, or seek community and the company of others. Additionally, the Myriad Gardens offers a variety of horticultural education programs for adults and children.

The Crystal Bridge Tropical Conservatory's unique design has earned attention and praise in the architectural community. It is 224 feet long, 70 feet in diameter, and is covered by 3,028 sections of translucent, double-layered acrylic panels. The Conservatory includes 13,000 square feet of plant display area in two distinct climates: the Tropical Wet Zone, which is at the south end and is watered daily; and the Tropical Dry Zone at the north end which receives water from April through September, followed by drought from November through March. Some 2,000 varieties of plants and a 35-foot waterfall round out the spectacular features of the Conservatory.
